Re: **Northwest BC Resource Benefits Alliance**

We support the “Resource Benefits Alliance of Northwest BC” and their quest for an equitable “Revenue Sharing Agreement” with the new BC Government.

It is our belief that this program would assist infrastructure projects such as ours and other key Capital Projects, along with a host of local Businesses.

We strongly encourage as a major priority the initiation of negotiations aimed at solidifying a “Revenue Sharing Agreement” that recognizes the unique and highly cyclical nature of the economy of Northwest British Columbia.

Yours truly,

Jeff Wolrige
